

Science Vocabulary Progression

(Updated 2023)

The vocabulary included for Reception are words that children should be exposed to. They should use some correctly in a scientific context.

The vocabulary included from Year 1 onwards are the words that children should know and use correctly in a scientific context. They should be able to define the specialist scientific vocabulary included.

The vocabulary in **red** is from other linked topics. The topic they come from is indicated.

The working scientifically vocabulary identified in the first table of this document should be taught through the topics in each year-group during practical work or scientific enquiry.
